In looking over the Republican for th last few weeks, the most superficial reader cannot fail to notice the vein of misrepresentations, and partially that runs through this county. Some weeks ago it treated its persons and will continue to do so until ishing the slave trade then, was one which readers to a re-hash of some of the misrepresentations used in the last campaign, to elect the present officers against the Democratic ex-officers of Marshall, and last week it was out again, charging these Democratic officers with corruption and smuggling, and left ex-Republican officers that ere more in arrears, out of the matter entirely, for the purpose of making political capital out of it. We propose to give so far as we are informed, a fair and exercised at present—the case of Mr. Packard, ex-Clerk of this county, and merely refer to the stupidity of the present Auditor, and show how he, in common with the rest of the leading Republicans of this county, is trying to turn private matters into polities. It was found to be ill-united to the climate and productions of some of the Northern States where it had been introduced, and measures were adopted to have it abolished-in those States only. In abolishing slavery in Massachusetts, New York, &c., the reason and only reason, which we ever heard assigned, was its unprofitableness. It was not done by emancipation, and giving each slave sixty dellars, but by disposing of the human chattels--as god-like Massachusetts would now say in reference to other States--to Southern planters and traders.
